## **INVESTING IN MILTON**

THE CITY (AND INVESTMENT) THAT KEEPS GROWING

Milton Ontario has long been one of Canada's premium investment locations.

Milton is continuing to experience major economic and population growth, with a young and educated workforce focusing on innovation and technology.

This growth, coupled with a housing supply that hasn't been able to keep up with the demand for new homes, creates a robust rental market rivaling other large cities in Canada.

Through their efficient building process, the developers behind Creekside Condos in Milton are able to deliver a premium product at a lower cost per square foot than other developments in Milton, or many other major investment markets.

**Lower Cost + Higher Rents = Greater Cash Flow**
